

Intern, Curriculum and Assessment
Location - New Delhi
Duration - 1 month (May 2017 - June 2017)
Working Hours - 6 to 8 hours/day - 5 days/week
joinus@simpleeducationfoundation.org

Organization Overview:

Simple Education Foundation (SEF) is a not for profit organization based out of Delhi. SEF was started by two Teach For India alumni in 2014 with a vision to create equal opportunities for quality education in India. Our mission is to transform public schools as centers of excellence in learning & teaching, where every stakeholder is nurtured and can redefine their own growth. Our team is spread across three states in India, working on diverse projects with a collective vision of education equity.

Role Overview:

We're a dynamic young team of engineers, teachers, storytellers and dreamers alike. We're looking for someone who is interested in creating curriculum and assessments that drive change and innovation in the education sector.

The intern will get a chance to directly impact the vision and mission of the organisation by working on the curriculum and assessments for SEF. S/he will be responsible for designing a 21st century integrated curriculum and assessment framework that will drive instruction and impact evaluation across our projects.

The Intern will work with the Learning and Teaching Team at Simple Education Foundation.

What you can do:

- Be a messiah to the team and design curriculum that motivate and support the growth of all our students
- Assist the Learning and Teaching team in designing an Impact Evaluation framework that will help us assess the effectiveness of our practices and also track holistic student learning
- Identify and implement curricular best practices from across the world

Knowledge, Skills and Abilities:***Must have:***

- Excellent Verbal & Written Communication Skills
- Deep interest in designing holistic curriculum and assessments
- Love to research and implement innovative practices.
- Showing initiative and making effort.
- Well organized and disciplined.
- Proficiency in MS Office (MS Word, Excel, Power Point)
- Proficiency in Google applications

Good to Have:

- Previous knowledge of designing Curriculum and Assessment
- A sense of humor and the habit of carrying dabbas from home

Basic Qualification:

A completed or on-going Bachelor's/Master's degree

Experience in teaching and learning practices

Previous experience in designing curriculum and assessments is preferred

This is an unpaid position. Interns will receive a completion certificate and a letter of recommendation from their reporting supervisor.

If this sounds like your dream summer opportunity, then write to us at joinus@simpleeducationfoundation.org with the following subject line.
